	UA97-028-0001AB	Boots, Mukluks	Caribou fur and wolf mukluk and leggings. Length 89 cm., Soles and sides of boot are composed of caribou with fur towards the inside. Lower legs are caribou with fur towards the outside. Upper legs and leggings are wolf with fur towards the outside. Along the top of the leggings is trimmed caribou with fur towards the outside. Blue (denim-like) textile is sewn around the leg opening with a red and black chord throughout, used to tighten the leg legging. A has one pom-pom, and B has two pom-poms. Bottom of boots have hide straps, back of which are dyed reddish.	Kobuk Region	Brown, Mabel*	1945	Collins, Dick and Florence	*Mabel Brown is the wife of Harry Brown, a trader in the Kobuk region. They have a daughter named May Brown.
	0551-5419	Basket, Birch Bark	Large birch bark container with handle; 9 1/2" tall; sealskin strap handle attached at sides; sealskin patches at pressure points on bottom; tear mended with sinew; shows use; dirty.	Kobuk River area	Undetermined	pre 1952	Charles Lucier	Written in pencil on side: "Merry Xmas to Olive Glover(?) from Mary Johnson(?)". Originally purchased by Charles Lucier from local people.
	UA2001-013-0309	Basket, Birch Bark	Round birch bark basket, made with strips of birch bark, woven together along the sides. The walls of the basket are formed by placing the bark in diagonal strips, with the light side going in one direction, the dark in the opposite, and weaving the two peices together. The top and bottom are held together with strips of bark that are held with strips of willow, in turn wrapped with spruce root. The bottom is made from two round pieces of bark, dark-side exposed, lashed together and to the basket with spruce root lashings. Measures 11 x 23.6 cm.	Kobuk River area	Undetermined	Undetermined	Lathrop, Robert and Margaret	Field number 291. -Value has been based on a conversation with Joe Crusey at 09/10/2005 opening when he stated that "all his appraisals that were done in '98 and prior should be double now". Because last appraisal was done on these objects in 7/10/01, these values are now 150% rather than 200%. CRS.
	0551-5427	Snowshoe	Boy's snowshoe. Single snowshoe. Style is of westernmost Alaska type (see Nelson 'Eskimo about Bering Strait' or paper file). Outer wood frame made from two peices of wood. They are tied together to a point at heel with rawhide and spliced and lashed together forming a curve at front. There are three wood crossbars, 2 large main crossbars and one small one near the very end of heel. In the upper space between the top crossbar and the toe, there is sinew webbing. The sinew is wrapped through holes in the wood and crisscrosses as well as goes straight across. In the middle space between the crossbars, there is rawhide lashing. It goes horizontal and vertical. The bottom space between the bottom crossbar and the heel has sinew lashing. (The third small crossbar is within this space). The lashing here follows the same pattern as the top space. Total length 87.5 cm (34.5").	Kobuk River Area	Undetermined	Undetermined	Undetermined	-See Nelson 'Eskimo About Bering Strait' for more info.
